ADR Vac Tankers

Mitchell & Webber Industrial Services have a selection of in-house ADR vacuum tankers for carrying hazardous and non-hazardous waste streams.

Our fleet ranges from 6 & 8 wheelers to articulated vac trailers.

Our tankers are available for short and long-term projects nationwide.

Our tankers are in test and fully compliant with the European agreement concerning the international carriage of Dangerous Goods by road (ADR).

Some of the areas where we work

Liquid removal from storage tank bunds

Fuel tank washings

Site drainage, gullies, silt traps and interceptors

Oil stores and places for forward distribution

Slops & waste oil tanks

Oil spill site clean-up

Our ADR Vacuum tankers can remove the liquid waste below:

- Diesel Fuels (DERV & Gas oil)
- Kerosene (Heating oil)
- Hydraulic oils & fluids
- Transformer oils
- Engine Oils
- Lubricating Oils
- ... and more
